GROUNDED IN CHARACTER

*Leadership Development That  
Meets the Moment*

# GEOMETRY OF A LEADER

In lieu of an in-person fundraising event this year, Youth Frontiers is raising support for our mission and fostering character-driven leadership through our **Geometry of a Leader Conference**, hosted by our new sub-brand, Leadership Frontiers.

Over the course of three Zoom workshops, leaders from across Omaha will learn practical ways to be **present** to the people they serve, **humble** enough to solicit the wisdom of others and **courageous** enough to follow their vision despite the cost. They will leave the series inspired and empowered to confidently pursue their call to lead — and to make our community better for all.

**Proceeds will help to fund the character and leadership programming Youth Frontiers is offering to our 750+ school partners this school year.**

# ABOUT THE CONFERENCE

of leaders felt **more inspired** to continue their work after the conference

The Geometry of a Leader Conference is hosted by Leadership Frontiers, a new sub-brand of Youth Frontiers that houses all of our character-driven leadership programming. This best-in-class experience leads to personal and professional transformation that benefits leaders from all industries and business sectors — and ultimately the communities they serve.

## PRESENCE

### Humanizing Your Circles of Influence

Exceptional leaders give people their full attention. They listen to understand. They **prioritize human connection**. Yet, in our volatile world, leaders often become so preoccupied with all of the problems they feel responsible for fixing that they fail to notice the needs of the people they serve. After this workshop, leaders will return to their homes, workplaces and communities with concrete ways to be **present to those around them**.

2

## HUMILITY

### Creating “We” Solutions

Humble leaders know they don’t know it all. They seek input and advice from people with complementary strengths. They are **open to new ideas**. They are aware of their weaknesses. Leaders will learn the key features of humility and learn to **synthesize rather than silence** the varied voices in their workplaces and communities. Leaders will leave this workshop with a renewed commitment to creating “we” not “me” solutions.

3

## COURAGE

### Following Your Vision

There are times leaders need to follow their vision and make an unpopular decision despite opposition. This takes courage. In this final workshop, leaders will learn the **attributes of a courageous leader** and discuss the challenges of leading with courage - especially when **resistance emerges** and the cost is great. They will leave this workshop with the tools they need to be successful in their next difficult conversation or decision.

## WORDS FROM PARTICIPANTS

“This is a must attend for not only emerging leaders, but also for experienced leaders.”

“The most engaging Zoom workshop I’ve had.”

“The content was great. I’ll be taking away the three tools and be intentionally incorporating them.”
